ABOUT ME

I'm a dedicated WordPress Developer with strong expertise in PHP, theme customization, and plugin development. I build responsive, SEO-friendly websites tailored to client needs, with a focus on performance and clean design.

EXPERIENCE

web developer   November 2024
awning concept

- Designed and developed a fully responsive 5-page WordPress website from scratch.
- Customized themes and layouts to meet client branding requirements.
- Integrated contact forms and basic on-page SEO.
- Ensured cross-browser compatibility and mobile responsiveness.

web developer   January 2025
awning concept

- Migrated a complete WordPress website from cPanel hosting to CyberPanel environment.
- Handled DNS configuration, database transfer, and email setup.
- Ensured zero downtime, full data integrity, and secure transition.
- Optimized website performance post-migration.

web developer   July 2025
Marqueza brand

- Built a full-featured online store using WordPress and WooCommerce.
- Configured product listings, categories, shopping cart, and checkout process.
- Integrated payment gateway and order notification system.
- Implemented security measures and basic inventory management tools.
